The p tag defines a paragraph. Browser automatically adds a single blank line before and after each p element

---

The hr tag inserts a single line break. The  
Tag is useful for writing address and poems. The  
tag is empty tag which means that it has no end tag

The blockquote tag specifies a section that is quoted from another source. Browser usually indents  
blockquote elements

This is preformatted text. It preserves space and line breaks
